We know that pets are an important part of the family. In order for your stay and that of your pet to be as pleasant as possible and not cause any inconvenience for you and the other guests, it is necessary for you to know and accept the **Pet Admission and Care Policies at TUCÁN SUITES** detailed below:

Your Pet may relieve itself if necessary on the absorbent pads placed in the bathroom of the room. In any other case, **you will be responsible for picking up the waste left by your Pet** and immediately notifying **TUCÁN SUITES** cleaning staff. The use of Hotel linens to pick up waste and for the grooming of your Pet is not allowed.

Your Pet must **always remain in your company during your stay at TUCÁN SUITES**. It is not allowed for your Pet to climb on beds, sofas, armchairs, and other types of furniture within the room. Likewise, it is not allowed to leave your Pet alone inside the room or in any common area of TUCÁN SUITES. To use our restaurants, you may be accompanied by your pet.

When transiting through the hotel's common areas, **your Pet must always remain on its leash**.

**You will be solely responsible for the care and behavior of your Pet**, avoiding barking, noise, and behaviors that cause discomfort to other guests.

**Any damage or incident caused by your Pet** to any person will be fully assumed by you, and you must cover all expenses and costs of repair that correspond, including, but not limited to, medical expenses of the affected persons. The expenses and costs incurred by **TUCÁN SUITES** must be reimbursed immediately by you.

**Damage caused by your Pet** to furniture within your room and in other facilities of **TUCÁN SUITES** will be fully assumed by you at the time of Check Out, considering the following:

S/250.00 for damage to each piece of furniture or fixtures.

S/200.00 for damage to linens (sheets, pillows, towels, etc.) and other goods.

S/300 for damage to each mattress.

The above does not limit **TUCÁN SUITES** from demanding payment of higher amounts if the damaged goods are valued higher.
